Welcome/Roll Call

Approval of Minutes – February 16, 2022 Meeting

Unfinished Business

1. Shoreline Bicycle Routes

- How can we work to make Shore Road and other coastline routes safer for bicyclists. Concern raised by Ramsey at January meeting.
- Charley invited Dave McCarthy, Chair of York Bike-Ped Committee to attend.
- John will reach out to Kittery contacts:
Seacoast Area Bicycle Riders (SABR) - Steve Gerhartz, owner of electric bike shop on Route 1 North in Hampton, NH 603-294-0370 and Karen Saltus President of SABR 207-703-5323.

2. Wellness Weekend -- Ramsey

- The Chamber of Commerce is considering a Wellness Weekend as a spring kick-off the last weekend of April.

3. MDOT Planning Partnership Initiative (PPI)

- Will discuss with Town Manager next steps after being rejected by the Select Board and Budget Review Committee.
- Bruce to check with Rob Betz, Maine DOT District Engineer on what an engineering study would cost (something less than \$25k?).
- Charley to check with other committee chairs to determine interest in partnering on the initiative to complete a PPI.
- John to check with Jason Corbin on Parks and Recreation partnering on a PPI.

4. Crosswalks that don't meet MDOT Guidelines:
 - Town Manager to investigate what can be done at those crosswalks as a stop gap measure to keep delivery vehicles from blocking or blocking visibility to those crosswalks. Check-in with Town Manager at meeting in March.
5. League of American Bicyclists National Bike Summit - March 27-30, 2022 Hybrid Event
 - Charley and Bruce registered to attend. Jennifer will look into registering.
6. New RRFB on Main Street at Panache -- Tracking
 - MaineDOT does not currently have any of the units in stock and are uncertain when the contract might be fulfilled due to supply chain issues. At this point we don't anticipate having the RRFBs until sometime next spring. We are slated for two sets for installation on Main Street crosswalks at both ends of Glen Ave.
 - John to contact Tom Torno on status.
7. Berwick Road Pedestrian Usage -- Tracking
 - The committee and Tom Torno had decided that a paved 4 foot shoulder instead of a sidewalk would be better as it would allow for both pedestrians and bicycle users. Project expected to be completed in fall 2022.
8. LED Lighting - Tracking
 - Installation of LED streetlights on Main Street should be completed by April 2022. John to check on status with Tom Torno.
 - Town Manager sent Real Term Energy crosswalks listed below where we have identified crosswalk lighting issues:
 - Captain Thomas Road
 - Gazebo Inn, 571 Main Street
 - The Milestone, 687 Main Street

New Business
